

# Concrete

## Natural stability

DESIGN  
Pio e Tito Toso, 2015

EN — The base of a table must have a significant weight to guarantee stability and durability. The result of this simple reasoning is Concrete, an outdoor table with a concrete base that uses the main features of the material in a natural and intelligent way.

IT — La base di un tavolo deve avere un certo peso per garantire stabilità e durabilità. Da questo semplice ragionamento nasce Concrete, un tavolo da esterno con base in cemento che utilizza le caratteristiche proprie del materiale in modo naturale e intelligente.
